

Welcome to the Interdisciplinary Conference on diseases of central nervous system. This gathering brings together experts from diverse fields Unani, Ayurveda, Homeopathy and conventional medicine to foster collaboration and innovation in understanding, diagnosing, and treating neurological disorders. As we explore concepts, research, emerging technologies, and new therapeutic approaches, our goal is to create synergies that will drive progress and improve outcomes for patients worldwide. Together, we can unlock the complexities of neurological diseases and chart a course toward more effective solutions.
